

Out of the every 100 officers who volunteer for the Special Forces, only five get to wear the coveted maroon beret, with badge

Some men are willing to jump out of an aircraft at 10,000 feet just to earn this badge

There's the soldier. Then, there's the soldier's soldier

Your mission could be on land, in the air or under water

You're one of the Tigris, who captured Tiger Hill

Do you have it in you?

You can't buy this uniform. You can't buy the respect that it commands. You have to earn it. Think about it. It's a challenge that'll change you forever. And that's a soldier's word.
